

StormTight LED

Specifications: High Output White LED

↳ StormTight by Allanson - Weatherproof LEDs from the brand you depend on.

↳ StormTight LED's have special features that provide the highest light output and reduce installation time and cost.

They're weatherproof, reliable, and durable.

All powered by our family of CV Series Power Supplies.

Enjoy the same dependable performance of Allanson, night after night.

"Designed for Higher Brightness and Deeper Cabinet Style Boxes"

Product #	ACLW-WHO 
Color	Cool White
LEDs / Module	1
Watts / Module	1.2 Watts
Lumens / Module	67 Lumens
Efficacy	56 Lumens / Watt
Degrees Kelvin	6500°
Viewing Angle	110°

Voltage	12 Vdc	
Working Temperature	-25° C to +60° C	
Modules / Box	20	
Modules per CV125	40	
(60 Watt Power Supply)		
Modules per CV12125	80	
(120 Watt Power Supply)		
Dimensions	Length	1.54"
	Width	1.43"
	Height	0.45"
Warranty	4 Year Limited	

Module is vacuum encapsulated (polyurethane) for best weatherproofing.

Diode is driven conservatively, at 85% for longer LED life.

UL Recognized for Wet, Damp, and Dry Locations

 ENERGY SAVINGS
