

Allanson

StormTight II

The solution for superior illumination of large cabinet signs and channel letters

High Output 1 Watt Module

ACLW-CW-1W

Allanson's High Output ACLW-CW-1W prevents you from compromising with your LED lighting for signs. This fluorescent replacement LED module is powerful enough to illuminate standard cabinets to the same light level that you had with fluorescent.

- 1.4 watts, 140 lumens
- 12 volt DC
- Wide 155 degree beam angle for even light distribution
- Sealed construction for reliable all weather operation
- Recommend 6" to 10" sign depth
- Proven metal back construction for long reliable life
- Aluminum printed circuit board for long emitter life
- Color temperature cool white 6300K
